

Sit n' Sew Fabrics

We Cut, You Sew!

Guide to Precuts

Mini Charms

2.5" x 2.5" Squares

Mini Charm Packs or Gum Drops as we like to call them are great for small projects or adding detail to larger ones. The options are limitless. Usually sold in packs of 42 or 168. Exclusively at Sit n' Sew, we also offer our "Stash Builder" which includes 840 pieces per pack.

Charms

5" x 5" Squares

Since they are one of the smallest and easiest to work with precuts, Charms are often a go-to for most quilters. Typically sold in packs of 42, but can vary slightly from collection to collection.

Jelly Rolls

2.5" x 42" Strips

Call them what you will, Jelly Rolls, Lollipops, or just strips, these slender pieces of fabric can be used in an assortment of projects from quilts, to purses, and even clothing. Sold in packs of 40 or 42 pieces, but can vary depending on the collection.

Layer Cakes

10" x 10" Squares

Double the size of the Charms, but still just as versatile. These larger squares are definitely something kept in nearly every quilter's arsenal. These are typically sold in packs of 42 pieces.

Fat Quarter Bundles/Rolls

18" x 21" Rectangles

Fat Quarters are usually found neatly folded into small little squares or rolled up and tied together. These can be used for nearly any project including quilts, clothing, and many other crafty creations. The number of fat quarters included in a bundle or roll vary from collection to collection.

1 Yard

36" x Width of Fabric

Each fabric can vary in width usually ranging anywhere from 42" to 108". A yard of fabric is 36" wide by the actual width of whichever fabric you choose.
